

Product label

## **TECH-GRO™ B-LOCK**

**A unique product that provides nutritional Boron and an elastic coating for trees and vines.**

### **GUARANTEED ANALYSIS:**

Boron (B) - 0.875%.

**Boron derived from Boric Acid**

***TECH-GRO B-LOCK contains 5.0% by weight Boric Acid.***

**WARNING:** This product contains Boron and is to be used only where Boron is known to be beneficial and on the crops recommended on this label. Any other use may result in injury to crops.

### **AS A TISSUE SEAL:**

TECH-GRO B-LOCK will stick to fresh cuts as well as older tissues and will form a water resistant, elastic coating that will stretch as the plant grows. Exposed cuts or wounds to trees and vines can contribute to die back of limbs or canes. To avoid excessive drying out of plant tissue, coating fresh cuts and wounds can help speed the natural process of plant healing in growing conditions.

### **AS A NUTRIENT:**

All plant structures, including the woody parts, have been shown to absorb soluble nutrients. At the recommended rates, TECH-GRO B-LOCK provides a safe dose of nutritional boron to the trees and vines.

### **DIRECTIONS FOR USE:**

Liberal coat wound areas with TECH-GRO B-LOCK to create a contiguous seal coating. Scaffolds or trunk applications may be made with thinner coats of product. Allow for adequate drying conditions; do not apply within 24 hours of expected rains or freezing conditions.

Clean application equipment immediately with soap and water. Do not store this product at temperatures below 40° F or above 90° F. Do not allow to freeze.

### **SUGGESTED CROPS:**

**Trees and Vines** - Apply product as a wound seal or to scaffold or trunk structures as needed.

**NOTE:** Do not apply to crops that are high in boron as excessive boron treatments may cause crop injury.

**NOTE:** Do not apply more than 15 gallons of product per acre.

### **CAUTION**

**KEEP OUT OF REACH OF CHILDREN  
HARMFUL IF SWALLOWED**

**CAUTION:** May cause skin irritation. Avoid contact with skin, eyes, open cuts or sores. In case of contact, flush with water. Get medical attention for eyes.

*Information received by the Washington State Department of Agriculture regarding the components in this product is available on the internet at <http://agr.wa.gov>*

**NOTICE:** Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used according to directions under normal conditions on the crops specified. Because of widely varying use conditions, it is impossible to eliminate all risks even when the label directions are followed. Therefore, the manufacturer makes no other warranties.
